Re: Off-Site Rule Acceptability Determination
Pike Sanitation, Inc.
OEPA 66-00-03

Dear Mr. Migyanko:

This letter is in reply to your letter of November 19, 2007 to William Damico, of my staff, regarding the Pike Sanitation request for off-site rule acceptability.

Pursuant to 40 C.F.R. § 300.440 (b), my staff has determined that Pike Sanitation, Inc. meets the acceptability criteria. Therefore, Pike Sanitation, Inc. located at 11775 State Route 220, Waverly, Ohio is acceptable to receive waste from CERCLA sites.

This acceptability determination is based on the assumption that only wastes which comply with the permits issued to Pike Sanitation, Inc. will be accepted. It is your responsibility to review any proposed waste streams for compliance with the permits for your facility.

Please note that this determination is based on the available information at the time of the review. Your status could be changed any time relevant information becomes available according to the procedures in 40 C.F.R. § 300.440 (d). Generators who need to use a currently acceptable facility should verify the current acceptability of any facilities they wish to use with the appropriate Regional Off-Site Rule Contact(s).

If you have questions, please contact Mr. Damico at (312) 353-8207, United States Environmental Protection Agency, Region 5 – LR-8J, 77 W. Jackson Boulevard, Chicago, Illinois 60604.

Sincerely,

A handwritten signature in cursive script, reading "Willie H. Harris".

Willie H. Harris, P.E.
Chief, RCRA Branch
Land and Chemicals Division
